Dear Course Leader

In order to ensure that disabled students receive the support they need to access their studies, Student Finance England requires information about the computer platforms used on the student's course (or programme). SFE needs validation that a particular platform is **required** and not just a preference.

I hereby confirm that the following course Digital Post Production  
at Brighton University/College  
is taught solely via a ~~PC~~ Mac platform

(please delete whichever is not applicable)
