

Engineering and wiring rates (office-hours in London, ex-VAT)

- | | |
|---|--------------------------|
| 1. General Engineering support/shift-cover | £450 / day |
| <i>If booked with PO in advance</i> | £1,700 / week |
| | £6,000 / month |
| 2. Design work , supervision of wiring staff,
Commissioning and testing for projects. | £550 / day |
| <i>If booked with PO in advance</i> | £2,100 / week |
| | £7,500 / month |
| 3. Wiring technician | £290 / day |
| 4. Fibre optic technician | £370 / day |
| 5. Delivering Training | £800 / day |
| <i>May include development time for new courses.</i> | |
| 6. Colourimetry , calibration & consulting | £1,000 / day |
| <i>For single monitors/projectors (London)</i> | £ 250 first display |
| | £ 50 for subsequent ones |

Please note: multi-standard monitors (such as the Sony X300 & HX310) will be treated as multiple displays if HDR/rec.709/DCI-P3 pre-set calibrations are required. Profiling & generating LUTs may take longer than a monitor calibration.

Remote calibration – we ship the equipment and then remotely do the colour work; we will include courier charges (typ. £30 each way in London)

Out-of-hours working

After 18:00 or on Saturdays	x 1.5 T
After 00:00 or on Sundays	x 2.0 T
